LAND PRESERVATION & ENVIRONMENTAL STEWARDSHIP

Chester Springs Surrounds is not defined by geography alone. We are dedicated to collectively preserving the beauty and charm of our countryside, promoting a natural lifestyle, and in keeping meaningful pieces of our past from being overtaken by modern developments.

When you visit Chester Springs Surrounds, much of the scenic beauty and lands that surround you are under the protection and care of the following organizations, which are actively involved in land preservation, trail projects, watershed protection, environmental stewardship and recreation:

~ **French and Pickering Creeks Conservation Trust:** Protecting more than 8,250 acres of land, the Trust's mission is to preserve and protect endangered land and natural resources in the northern Chester County watersheds, for now and for future generations. www.frenchandpickering.org | 610.933.7577

~ **Green Valleys Association:** Founded in 1964, CVA oversees 155 square miles of all five of Chester County's northern and eastern Schuylkill River watersheds. www.greenvalleys.org | 610.469.4900

~ **Natural Lands Trust:** The region's largest non-profit conservation organization preserves and cares for natural lands throughout eastern Pennsylvania and southern New Jersey. www.natlands.org | 610.353.5587

We invite you to contact these organizations for more on their important work.
